 <https://monicaea98.github.io/>

Data analyst with a creative edge from my design background, focused on transforming data into clear, actionable insights for decision-making. I have experience analyzing datasets, identifying patterns, and supporting business strategies. I am characterized by my analytical thinking, structured approach, and ability to translate complex information into meaningful insights for stakeholders. I have professional proficiency in English, which allows me to work effectively in international environments.

SKILLS

Technical Skills

Python | SQL | Excel | Tableau | Statistical Analysis | Power BI

Additional Skills

Data Visualization | KPI Analysis | A/B Testing

Design Skills

Photoshop | Illustrator | InDesign

PROJECTS & PRACTICAL EXPERIENCE

E-commerce Sales & Customer Behavior Analysis

Skills: Python, Pandas, Tableau, Customer Segmentation, KPI Analysis

Analyzed Brazilian e-commerce transactional data to uncover sales trends, customer behavior, and product performance using Python and Tableau, producing actionable insights for marketing and retention strategies.

Revenue showed steady growth; top categories drove most sales, and customer retention opportunities were identified, guiding targeted marketing strategies.

Customer Churn Prediction – Model Fitness

Skills: Python, Pandas, Scikit-learn, Clustering, Churn Analysis

Developed a churn prediction model for a subscription-based gym, identifying high-risk customer segments and proposing data-driven retention strategies using Python and clustering techniques. Identified high-risk clusters with up to 57% churn probability and proposed targeted interventions that could reduce churn by improving engagement and contract management.

A/B Test Analysis – Checkout Funnel

Skills: Python, Statistical Testing, Funnel Analysis, A/B Testing

Conducted A/B test analysis to evaluate checkout funnel changes, identifying conversion bottlenecks and ensuring data-driven product decisions using Python and statistical testing.

Improved intermediate conversion (product view → add-to-cart) but no significant increase in final purchase; highlighted the need for optimization in final checkout stage.

PROFESSIONAL EXPERIENCE

Banorte

Aguascalientes, Mexico

Customer Service Executive

04/2026 – Present

- Provide front-line customer attention, guiding clients and directing them to the appropriate service area based on their needs
- Ensure compliance with internal service and image standards within the branch environment
- Maintain an organized and professional customer experience through clear, efficient, and courteous communication
- Support daily branch operations by resolving basic inquiries and facilitating service flow

Achievements

- Contributed to improving customer flow and reducing wait times through efficient client orientation and service channeling

Steel Shed Solutions

Luxembourg

Freelance Photo Editor

04/2024 – 08/2025

- Edit and prepare product and project images for digital marketing use, ensuring alignment with brand standards
- Ensure visual quality and consistency of images across digital platforms
- Manage high volumes of visual content while maintaining quality standards
- Collaborate remotely with international teams to meet project requirements and deadlines

Achievements

- Optimized the image editing workflow, achieving greater visual consistency and an approximate 20% reduction in delivery times

EDUCATION

TripleTen (Online Bootcamp)

Data Analytics

04/2025 – 11/2025

- Performed data analysis using Python to explore datasets and identify patterns
- Applied SQL and Excel for data cleaning, transformation, and analysis
- Developed data visualizations and dashboards in Tableau to support decision-making
- Applied statistical methods and basic business intelligence concepts to interpret data and generate insights

Universidad Autónoma de Aguascalientes

Mexico

Bachelor's degree in graphic design

01/2017 – 12/2021

LANGUAGES

- Spanish – Native
- English – Professional Proficiency
- Italian – Working Proficiency
- Norwegian – Elementary Proficiency

ADDITIONAL EXPERIENCE

Volunteer Work Abroad

2021 – 2023

- Participated in community and cultural exchange programs
- Strengthened adaptability, independence, and cross-cultural communication skills
